Call for Papers
Optimization Letters (Springer)
Special Issue WCGO-2019
dedicated to the World Congress on Global Optimization

Guest editors:

- Yaroslav D. Sergeyev (Lead guest editor), University of Calabria, Italy
- Le Thi Hoai An, University of Lorraine, France
- Pham Dinh Tao, INSA-Rouen, France

This special issue will present recent advances in all areas of **Global optimization, nonconvex programming and their applications**. The issue will be based on extended versions of contributions presented at the World Congress on Global Optimization WCGO, which took place in Metz, France from 8 to 10 July 2019.

The deadline for submission is **January 31, 2020**.

Main topics of interest are the following:
1 – Global optimization
2 – Stochastic optimization
3 – Continuous optimization
4 – Discrete optimization
5 – Mixed-integer programming
6 – Optimization under uncertainty
7 – Multi-objective optimization and multilevel programming
8 – Optimization software

All manuscripts will be subjected to the high standards of the refereeing procedure of *Optimization Letters* managed by the guest editors. The manuscripts should be submitted through the electronic submission system https://www.editorialmanager.com/optl

When submitting your paper, be sure to specify that the paper is a contribution for the Special Issue of WCGO 2019, and select the Article Type: 'S.I.: WCGO2019' so that your paper is assigned to the guest editors. Please see the Author Instructions on the site if you have not yet submitted a paper through this web-based system.

Manuscripts submitted after the deadline may not be considered for the special issue and may be transferred to a regular issue.

We are looking forward to receiving your contribution.
