Call for Papers
Journal of Global Optimization JOGO
Special Issue on Advanced Approaches in Nonconvex Programming and Applications

Guest editors:

Le Thi Hoai An (Lead guest editor), University of Lorraine, France

Pham Dinh Tao, INSA-Rouen, France

Yaroslav D. Sergeyev, Univ Calabria, Italia

This special issue will present recent advances in all areas of **Nonconvex programming and its application**. The issue will be based on extended versions of contributions presented at the World Congress on Global Optimization WCGO, which took place in Metz, France from 8 to 10 July 2019.

The deadline for submission is **January 15, 2020**.

Main topics of interest are **recent advances** in
1 - Continuous Optimization and Applications
2 - Discrete Optimization, Integer Programming and Applications
3 - Optimization under Uncertainty and Applications
4 - Multiobjective Optimization, Multilevel Programming and Applications
5 - Nonconvex Optimization in Specific areas: Models, Algorithms, and Software

Every paper must fit within the topics of this special issue. All papers will be subjected to the high standards refereeing procedure of the Journal of Global Optimization managed by the guest editors. The full papers must be submitted through the web-based system

https://jogo.editorialmanager.com/

When submitting your paper, be sure to specify that the paper is a contribution for the Special Issue of WCGO 2019, and select the Article Type: 'S.I.: WCGO-2019' so that your paper is assigned to the guest editors. Please see the Author Instructions on the site if you have not yet submitted a paper through this web-based system.

The submission system will be open from **October 14, 2019** to **January 15, 2020**. Manuscripts submitted after the deadline may not be considered for the special issue and may be transferred to a regular issue.

We are looking forward to receiving your contribution.
